name:

Email - My Country

Imagine that your teacher has asked you to write an email to a child, that's your age, who lives another country.

Write the email to the child telling them about the country in which you live.

Planning:

Here are some ideas.

- What activities you like to do with your friends or family.
- Describe your school, the subjects you learn about, what you wear.
- The weather. The type of clothes you wear.
- What the most popular sports are.
- The type of food you eat.
- Describe the place in which you live.
- Any other information that you think a child your age would find interesting.

Include a subject in the email. The subject tells the recipient WHAT the email is about.
