A Close Up Study Of "The Magician"

- Print a copy of the 'The Magician' activity sheet.

Use felt tip pens, crayons, pencils or paints to fill in the colour on this close up study of 'The Magician.'

Did you notice?

- The pick-pocket has an undeniable guilty look, pretending to be looking elsewhere as he steals the man's purse.
- One figure seems to be whispering to his lady friend. Perhaps he has noticed the felony in progress?
- What part do you think the boy has (if any) in this scenario?
