

A silhouette of a man in profile, pointing his right index finger towards a bright star in a dark blue night sky filled with other stars. The background shows a faint horizon line with hills or mountains.

# Star Light, Star Bright

*Star light, star bright,  
The first star I see tonight;  
I wish I may, I wish I might,  
Have the wish I wish tonight.*

*Anonymous*

# Star Light, Star Bright

If you made a wish upon a star, what would you wish for?

Star Light, Star Bright

Star light, star bright,  
The first star I see tonight;  
I wish I may, I wish I might,  
Have the wish I wish tonight.
