It all Started With A Selfie

Questions to think about

Sometimes people forget where they are when they take a selfie with their friends. They don't realise what's happening around them until it's too late!

Who are your main characters and how will you describe them?

How will you describe the setting?

What problems will taking the selfie create?

What series of events will take place as the characters try to fix the problems?

Choose a text type:

a poem

a script for a play

a picture book
slide presentation

a song

a short film

a story
