How To Make Concrete

Questions to guide your writing

You are building a new path in your yard. You need to make some concrete to complete the job. How will you make it?

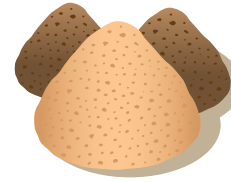

What equipment and materials will you need?

What are some safety considerations?

How will you measure the materials?

What order of steps should you follow?

What action words will you choose to begin each instruction in your procedure?

Choose a text type:

a newspaper article

an instruction sheet

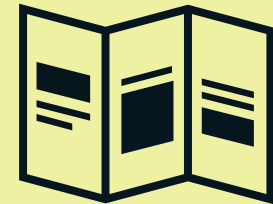

a slide show presentation

spoken report

a short film

a brochure
