

# Using Rocks and Minerals

# Brainstorming:

How do we use rocks  
and minerals?

Write a list.  
Think of as many  
examples as you can.

Did you know that some rocks can be mined and made into materials like metals?

iron ore

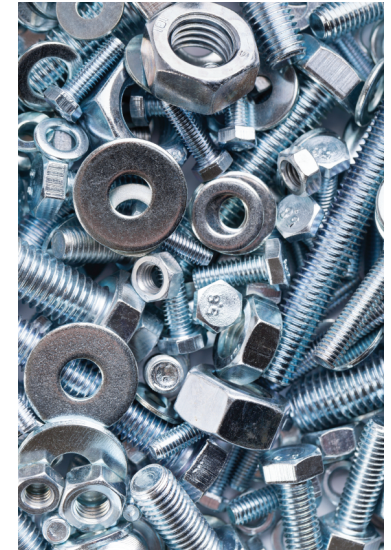

coal

limestone

# Steel

What are some names of other metals?  
What minerals are they made from?

Which products are made from rocks and minerals?

What objects in these pictures are made from rocks and minerals?
