

Question:

Which materials do magnets attract?

Experiment:

Use a magnet to test whether different objects are magnetic or non-magnetic.

Before each test have a guess whether you think the object is magnetic or non-magnetic.

object	what I think	magnetic	non-magnetic
eraser	YES / NO		
paper clip	YES / NO		
pencil	YES / NO		
wooden ruler	YES / NO		
plastic ruler	YES / NO		
scissors	YES / NO		
key	YES / NO		
coin	YES / NO		
book	YES / NO		

Conclusion: Which type of objects are magnetic?

Find and list four objects that are magnetic.
